Kingston Book is Talen's debut release, feat. **SIZZLA** und **CUTTY RANKS**, with remixes by **STEROTYP** and **MARKUS KIENZL**. Talen is 2 DJ's and 2 Producers based in Winterthur Switzerland. **The Vinyl 12" contains Download Codes.**

A1 THE VIBES - A SIZZLA TALE (ORIGINAL VERSION)

A mighty, yet playful, beat. **SIZZLA** loved what he heard – and Talen loved what he did on the microphone. The song could not be better named than „the vibes“. **Rock'n'Roll in a Dancehall** costume, or rather vice-versa? Doesn't matter – as long as the vibe is right.

A2 THE VIBES - A SIZZLA TALE (STEREOTYP VERSION)

Stefan Moerth a.k.a. **STEREOTYP**, from Vienna, with a great display of his classical production style: using minimal sounds and a dominant beat, he builds „barefoot“, the signature sound of his **Crunchtime** label. So lose the shoes and rush the dancefloor – it's crunch time, folks!

B1 SNIPER SNIPER – A CUTTY RANKS TALE (ORIGINAL VERSION)

On a superficial level, **SNIPER SNIPER** is a straight-forward **Dubstep** track – but on a second plane, it shoots from the hip with a yet unknown type of ammunition.

On top of that, there is **CUTTY RANKS**, with his low voice in perfect harmony with the beat. Like an electro attack from the future, or at least the “weapon of choice” for any soundsystem.

B2 SNIPER SNIPER - A CUTTY RANKS TALE (MARKUS KIENZL REMIX)

MARKUS KIENZL (Sofa Surfers) translates **SNIPER SNIPER** into his own language of sound and texture, and – as he always does – easily manages to bridge dub and club. A terrific remix!

Bonus Versions (Digital only)

5. SNIPER SNIPER - A CUTTY RANKS TALE (ALIEN ENTERTAINMENT REMIX)

ALIEN ENTERTAINMENT, the crew from Vienna, is well established in the business, thanks to their **Luv Lite Massive** venture – and they always wow us with that special dancehall track. Their drum & bass version of **SNIPER SNIPER** adds a timeless piece of music to the list of **TALEN** remixes!

6. SNIPER SNIPER – A CUTTY RANKS TALE (DILLON DUG REMIX)

An unbelievably playful variant, done by an yet-undiscovered sound tinkerer and friend of the TALEN boys. What can we say: Real underground stuff!

7. SNIPER SNIPER – A CUTTY RANKS TALE (MARKUS KIENZL BONUS REMIX)

A bonus remix by **MARKUS KIENZL (Sofa Surfers)**. This time around, he equipped SNIPER SNIPER with a Lamborghini motor. Can he handle the speed? ... A real stomper!

8. THE VIBES – A SIZZLA TALE (ALTERNATE VERSION)

A bonus TALEN version of THE VIBES: the blend of **Rock'n'Roll and Dancehall** refined, and then rolled through the mud one more time. Analogue or digital?... Both of them, so fasten your seatbelts!
